ALHAMD SHARIAH ADVISORY SERVICES (PVT) LIMITED

SHARIAH APPROVAL FOR ZAKAT FUNDS ZIAUDDIN PATIENTS WELFARE SOCIETY

INTRODUCTION

Ziauddin Patients Welfare Society (ZPWS) is a not-for-profit charitable Society established to work for the collective welfare of needy patients across Dr. Ziauddin Hospital's campuses, operating purely on a charitable and non-commercial basis. The Society receives, manages and utilizes funds, donations and grants to provide financial assistance to deserving patients facing financial hardship.

ENGAGEMENT OF SHARIAH ADVISOR

Ziauddin Patients Welfare Society (ZPWS) has appointed Alhamd Shariah Advisory Services (Private) Limited as its Shariah Advisor to provide Shariah guidance and oversight over the collection, management, and utilization of Zakat funds.

To establish a Shariah-compliant Zakat management system, Alhamd developed the required Shariah framework, including the Wakalah Model, SOPs, beneficiary assessment methodology, and supporting documentation. The required procedures have been implemented, including preparation of Wakalah Forms and guidance for the relevant teams to ensure that future Zakat collections and utilization are carried out in accordance with Shariah principles.

Eligible beneficiaries authorize ZPWS, through a Wakalah arrangement, to receive and utilize Zakat on their behalf for eligible treatment and, where applicable, transfer the funds into the ownership of ZPWS under the approved Shariah mechanism. This Constructive Tamleek arrangement enables ZPWS to manage and utilize Zakat funds in accordance with the approved Shariah framework

SHARIAH APPROVAL

Based on our review of the implemented Zakat governance framework, Wakalah Model, beneficiary assessment procedures, and executed Wakalah Forms, we are satisfied that the Zakat management system established for ZPWS is generally in line with the approved Shariah framework.

This is the first Shariah Certificate issued by Alhamd Shariah Advisory Services (Private) Limited to ZPWS in relation to the implementation of its Zakat management framework.

Accordingly, donors may contribute their Zakat to ZPWS under the approved Wakalah arrangement. As Zakat operations progress, Alhamd Shariah Advisory Services will continue to provide Shariah guidance and conduct periodic reviews to support ongoing Shariah compliance
